Cat Canyon. is so realistic you find yourself eye-to-eye with Mountain Lions. These stunningly beautiful animals can be viewed this close, thanks to a glass partition that allows us into the cats' dens. Other displays include Prairie Dogs, Gila Monsters, and a Humming Bird aviary. A “life underground” exhibit features desert animals such as Kit Foxes, Kangaroo Rats, Ringtails, Tarantulas and a variety of snakes that only appear at night during the desert summer after the ground has cooled.

Within the Museum grounds, you will see more than 300 animal species and 1,200 kinds of plants. There are almost 2 miles of paths traversing 21 acres of beautiful desert.
